

Successful recipe

SCALLOPS, ocean fish fillets and sashimi grade tuna. Tick. Pineapple, mango, peaches, passionfruit and lots of chocolate. Tick.

Add a librarian turned cooking school teacher. Blend with eight lively students and serve atop the Sunshine Coast hinterland with views of the rolling countryside to the coastline.

It's a recipe Tonya Jennings has developed as a tasty treat for her guests when they take part in a class at her On The Ridge Cooking School at Kureelipa, near Mapleton.

And when you leave you'll have the perfect ingredient to plan your own dinner party – confidence.

Tonya, who has a lively personality and equally fabulous classes, has concocted a truly hands-on cooking experience using entirely locally grown or caught produce.
